If you Suffer from Indigestion, Dyspepsia, Gas on the Stomach, Belching, Sour Stomach, Heart-burn, etc., a little Kodol will Relieve you almost Instantly

Why? Because Kodol does the same work as a strong stomach, and does it in a natural way.

So, don't neglect your stomach. Don't become a chronic dyspeptic. Keep your stomach healthy and strong by taking a little Kodol. You don't have to take Kodol all the time. You only take it when you need it.

Kodol is perfectly harmless.

C. C. WILLIAMS INTERESTED IN GOODS ROADS.

TO THE EDITOR OF THE MT. VERNON SIGNAL:

Every citizen should be interested in the Good Road movement. Rockcastle county is greatly in need of better high ways; the traveling public demand it; farmers require it to haul their products of the soil to market. Good roads mean much saving to wagons, horses and drivers; much saving of time and money. Good roads mean higher education among our people, more money, better business facilities and quicker means of prosperity; the people should work without ceasing to this end. The Fiscal Court should constantly strive to build up and improve our high-ways, and thereby elevate our county.

Give us good roads and the benefits arising therefrom will be innumerable. The old man in his infirmities can then easily come in contact with his friends and neighbors; it will extract from the limbs of age the jostle and pain of travel; it will soothe the wrinkled brow and lighten the heavy heart. It will rob age of its sting and call back the departed years of youth.

It means much to the pleasures of youth, and what is life without some of its pleasures? It will inspire the youth to higher, better and nobler things; it will bring him in contact with thought, other than his own. It will shorten the road to the home of "Mary Jane."

The benefits to business and material prosperity cannot be overestimated. The husband would plow the soil and cultivate its products, and the good wife would bring the butter, eggs and the works of her ready hands, in her buggy, to the merchant; the merchant would have better wares, and the customers would have better clothes. Build a good road by your home and the spirit of enterprise will inspire you to greater exertion; the old log house will give way to a frame, and the frame possibly to a brick. The dilapidated fence will be torn down and a good one take its place. The briars, bushes and brambles in the fence corners will disappear; the rocks will be taken from the tilled field; two blades of grass will grow where one grew before. The strong right arm will strike a harder blow for the wife and little ones around you. The heart will be more determined to have some of the comforts and pleasures of life.

The towns in Rockcastle county are now setting a splendid example for the county, by grading, macadamizing and greatly improving their streets. The most profitable thing a county can possibly have, is good roads; they can pay the greatest dividend to all the people.

A bond issue would not be an unwise thing. Should bonds be issued, the moneyed men of our county would buy the bonds, the money would fall into the hands of the laboring men, our people would then have both the good roads and the money. Let us be "up and doing."

Your truly,
C. C. WILLIAMS.

E. R. GENTRY

I wish to say to the Republican voters of the county that I have given up my studies, for the present, in the interest of my candidacy for Superintendent of Schools and expect to make the most vigorous canvass possible for the nomination. I intend to spend my whole time between now and the primary in becoming personally acquainted with the people. If I am the man for this place I want you to know it and I want to ask you to vote accordingly. This is a very important office and we need, not only a man of ability and qualification; but a man who is wide-awake, energetic and has the interest of the schools at heart.

I have had several years experience as teacher and have always taken an active part in school work. I feel that I am fully capable of looking to the best interest of the schools of Rockcastle county for the next four years. I want to meet every voter in the county between now and the primary.

Very truly,
E. R. GENTRY.

All remedies failed, and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in twelve years." Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Lungs, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Every family should have a cure which should "ring to-night" and all other nights if needed. These cures are inexpensive and can be made at home. Take a piece of siding two feet long and whittle one end to a handle. Take the child that needs the cure and bend it over a barrel. Now take the siding and use it as a clapper. Put it on hot, dividing the strokes evenly, and see that none miss. Good for a girl or a boy up to 18, and three applications are warranted to cure the most pronounced case of street loafing that exists. The music is said to be more effective than singing "Where is my wandering boy to night!"—Exchange.

THE Fiscal Court of Christian county has resisted the request of the County School Board of that county to impose the tax levy for schools under the new law passed by the last Legislature. The school board has brought suit, which will eventually go to the Court of Appeals. The outcome will be watched with interest all over the State. It might have been expected that Christian would do something of that kind. "Night riders" and education are not very closely allied and since the good county of Christian furnished more than its quota of "night riders" it is not surprising that such hindrance to education would find its home in that county.

Mt. Vernon is not what we call a "boom town" but it is one of the fastest growing towns in Kentucky and in a few years will be one of the best towns in the State.

We have already some of the best stores in this section. Most anything needed can be found here, you do not have to send to the big mail order houses for your goods.

Take a look around town and you will patronize your home merchants. Read the advertisements and spend your money at home and you may get this same money in your pockets again soon, while if you send it away you are hurting your self as well as your home merchant and bank. Think it over.

DEAD:—One of the saddest deaths that ever occurred in our little city, was that of Miss Bessie Miller, which came last Saturday night about nine o'clock. She had been in poor health for several months. In December, when her nephew Miller McCoy was taken down with small-pox, she took charge of him and waited upon him during his sickness. About the time he began to recover she was taken down herself. From this she did not fully recover when fever set up and in her weakened condition could not long resist the strain. All that could be, was done to relieve her, but of no avail. Miss Bessie was an exceptional girl and had many warm friends who deeply mourn her death.

Her remains were laid to rest Sunday afternoon in Elmwood cemetery to await the resurrection morn.

The death of Mrs. Elizabeth Lawrence which occurred last Friday was very sudden and came as a great shock. She had been sick less than a week. She was at the home of her son J. J. Lawrence where she had been since her home was destroyed by fire less than a month ago. Her remains were taken to the family burying ground near Level Green for interment.

Her serious misfortune, in losing by fire her home, household effects and about \$100 in money, together with the infirmities of old age, no doubt had much to do with her early and comparatively sudden demise.

A sensation was created at Brush Creek Station on Louisville and Nashville Railroad six miles east of here Saturday morning when John B. Drew rushed madly into the depot, revolver in hand, seeking his young wife. Having seen him approaching she ran down the railroad and hid in a cut in the road where she was discovered by Drew, who deliberately fired a shot into her back, the leaden ball plowing through her body. Turning he fled into the hills and has not been located. Mrs. M. F. Bowman mother of the victim arrived Tuesday morning, and made the startling declaration that Drew passed under the assumed name of Edgar Walters when he married her daughter in Walkersville, Ontario, Canada, eighteen months ago. The marriage therefore was illegal. Mrs. Drew regained consciousness sufficiently enough to relate a harrowing story of hardships to which she had been subjected by the man she thought was her husband. Shortly after their marriage when she was but 16 years old, the couple came to Hamilton, Ohio, where Drew found employment in a factory. After a time he lost his job and their funds were soon exhausted. Determined to return to his home in Rockcastle county, Drew forced his wife to have her hair clipped and don an old suit of his clothes. As two boys, they rode a freight train from Cincinnati to King's Mountain, making stops at Danville, Junction City and McKinney where they worked long enough to obtain food. From King's Mountain they walked through the country to Drews old home, Orlando, Rockcastle county, where relatives gave them a start in life. That was four months ago. Mrs. Drew who thought she was Mrs. Edgar Walters, but who as a matter of fact was Miss Edith Bowman, as she had never been legally married, began to long for her native Canadian home and her mother forwarded her a ticket to Detroit, where she promised to meet her.

She told her husband that she desired to make the visit and that her mother had sent her a ticket. He became suddenly enraged and threatened her life. She slipped away from him Saturday morning and was waiting for the train when he arrived and fired what is believed to have been a fatal shot. She was carried the home of a neighbor, where she is being cared for. For the first time the young women was informed yesterday that her husband had served seven years in the penitentiary for the killing of his 17 year old playmate, Jesse Childers. The deed was committed when Drew was eighteen and he was released two years ago and after drifting from one point to another finally landed in Canada, where he met the girl. He killed Childers a short distance from the point where he shot his wife last Saturday. LATER:—Dr. Laswell removed the ball and the victim has recovered sufficiently to return to her home in Canada with her mother, who came after her. No trace has yet been heard of Drew and for his own welfare, he had better keep going the other way.
